Where will the foster animal sleep at night?

Rate your experience with the type of animal you chose and please provide a brief description:

Beginner

Intermediate

Advanced

As a foster within the Animal Foster Network (AFN) you will receive the full support of the organization including but not limited to financial and educational support to best facilitate the transition from shelter to home life.

The educational support includes training sessions with an AFN approved trainer to ease the transition as well as prepare the animal for his or her permanent home. Are you willing to participate in free training sessions with your foster animal? ◯ Yes ◯ No

Please list any special accommodations needed to foster:

Completion of this application does not guarantee you as a foster nor guarantee immediate placement. AFN's mission is to match the right animal to the right family. By completing this application, you agree to notify the organization immediately if your terms change.

Additionally, when the time comes to place an animal in your care you will be contacted by an AFN representative via email or phone. We ask that you respond within 24 hours (sooner the better) to either accept the foster animal or let us know you are not available. Often the animals we rescue have limited time to spare and the organization will need to know immediately if we need to move on to another foster.

Everyone at AFN thanks you for offering up
your warm heart and warm home to an animal in need!
